Members of the Gov. Isaac Shelby Chapter assisted the Painted Stone Settlers in their annual event where several hundred school children viewed how life was back in the 1800's. There was also a reenactment of the Long Run Massacre and a 9/11 ceremony in the three day event.

In the picture to the left, John Clay Barnett talks to the children about some of the items displayed in the center picture. On the right, GIS member, Vic Bitter, directs the firing during a cannon demonstration.
