An estimated 700 students from several schools attended the annual Painted Stone Settlers event that showcased what life was like in Kentucky in the late 1700's and early 1800's. Our chapter had space where the students could try their hand at writing with a quill pen. Colleen Wilson, Director of the NSSAR's Center for Advancing America's Heritage was with us on student's day.

The picture on the left shows Kathy Cummings, President of the Painted Stone Settlers and Colleen Wilson, Director of the CAAH enjoying a conversation. The picture on the right shows students writing with a quill pen.

A highlight of our day was when these two students walked into our booth and recited the Preamble to the Constitution. They were rewarded with a Liberty Bell coin.

Some of the students did a real good job writing with the quill pen.

Liberty Bell coins were given to some of our writers.

**Chuck Scott**

For the past several years, for Veterans Day, Chuck has been placing around 1600 flags in his neighborhood. It's a beautiful sight for the neighbors as they ride down the street. The main purpose is to not forget those who were in the service of our country.

Chuck needs help in doing this. He will tell us at our next meeting how and when we can help.

## Honor Flight
